

Tri-Fold Residential Sofa Sleeper System

Residential – Sofa Sleeper System

Available Sizes

Width	Mattress Spec.
32"	Thickness: 2.36" - 2.76"
44"	Length: Max 74"
60"	Width: Unit size minus 7"

1 Mattress Size

Length of mattress is 74" (187.9cm), 2 inches longer than normal bi-fold sleepers.

2 Frame Construction

The Tri-Fold is a residential sleeper with a unique tri-folding system, fitting in a much-reduced space. Inside frame dimension requirement is only 27 5/8" (70cm).

3 Material Design

The sleeping surface is available in 3 different formats: polypropylene, polypropylene and wooden slats, and wooden slats only.

4 Engineered Linkage

Cross tubes in the upper sleeping area have been offset to avoid pinching points for a more enjoyable sleeping experience.

Attributes include:

- Easy opening and closing.
- Available with mattress encapsulated.
- Applications: Ottoman, love seat, sofa, and sectionals.

Seating Applications

Residential Use
